

AHAMED FARHATH SULTHAN

Kilakarai, Ramanathapuram, Tamil Nadu | +91 90921 15542 | farhathsulthan@gmail.com | [linkedin.com/in/farhathsulthan](https://www.linkedin.com/in/farhathsulthan) | github.com/farhathsulthan

CAREER OBJECTIVE

Motivated B.Tech Artificial Intelligence & Data Science student with a strong foundation in Python, Machine Learning, Data Science, and Artificial Intelligence. Passionate about developing AI-driven solutions using modern technologies and analytical techniques. Seeking an internship or entry-level opportunity to apply technical knowledge, strengthen problem-solving skills, and contribute to innovative software and AI projects while continuously learning and growing professionally.

EDUCATION

Bachelor of Technology - Artificial Intelligence & Data Science 2023 - 2027

P.A. College of Engineering and Technology, Pollachi

Higher Secondary Certificate (HSC) 2021 - 2023

Mohamed Sathak Dastagir Matric Hr. Sec. School, Ramanathapuram

Secondary School Leaving Certificate (SSLC) 2014 - 2021

Pearl Matric Hr. Sec. School, Kilakarai, Ramanathapuram

TECHNICAL SKILLS

Programming Languages: Python, Java, C, SQL (MySQL)

Artificial Intelligence & Machine Learning: Machine Learning, Data Preprocessing, Feature Engineering, Model Training & Evaluation, Neural Networks

Tools & Technologies: Git, GitHub, Visual Studio Code, Google Colab, Jupyter Notebook

Core Subjects: Database Management Systems (DBMS), Object-Oriented Programming (OOP), Data Structures, Operating Systems

PROJECTS

AI-Based Groundwater Level Predictor (SIH Hackathon)

- Developed a machine learning model to predict groundwater levels using environmental and historical datasets.
- Performed data preprocessing, feature selection, and model evaluation to improve prediction accuracy.
- Applied regression algorithms and data visualization techniques for effective analysis.

Handwritten Digit Recognition Using Neural Networks

- Built a neural network model to classify handwritten digits from image datasets.
- Implemented image preprocessing, model training, and performance evaluation using Python.
- Achieved high classification accuracy through optimized model tuning.

INTERSHIP EXPERIENCE

Blockchain Security Intern - Atozerv India Pvt. Ltd. May 2025 - Jun 2025

- Learned the fundamentals of blockchain architecture and distributed ledger technology.
- Explored blockchain security concepts including cryptographic hashing, digital signatures, and consensus mechanisms.
- Participated in hands-on sessions involving blockchain applications and security best practices.
- Successfully completed practical assignments and project activities during the internship.

CERTIFICATIONS

- Google Crash Course on Python - Google (August 2025)
- Advanced Python - Simplilearn (September 2025)
- Blockchain Security Internship - Atozerv India Pvt. Ltd. (June 2025)

SOFT SKILLS

Problem Solving, Analytical Thinking, Communication, Teamwork, Time Management, Quick Learner, Adaptability

LANGUAGES

English, Tamil
